Bulletin No. 2

After some consultations between the AETF Executive Committee Members the paragraph no. 1 from Bulletin no. 1 has been partly changed. From now it reads:

1. All countries must send the number of all participants (names and photos are welcome) before the **deadline March 31st, 2007**
If the country sends the application after the deadline the additional cost of accommodation will be added (**25% more**)
If after the deadline the **number** (not names) of participants from any country changes (increase or decrease) an additional cost **25 euro per person** will be added.
For example if the country sent an application form that contained 20 participants and after the first deadline changed to 15 participants additional cost of 125 euro will be added.

Below other important information concerning Euros 2007 in Poprad - High Tatras

2. According to the ITF Instruction Committee and ITF Tournament Committee decision only “scissor” kicks (Twimyo Nopi Ap Chagi and Twimyo Dollyo Chagi) are technically correct and are allowed at World Taekwon-do Championships in special technique competition. The AETF Executive Committee acknowledged as very reasonable to follow ITF decision and accept only scissors kicks at Euros 2007 in Poprad.
3. We would like to confirm once again that safety equipment (gloves and feet pads) officially approved for Euros 2007 is Top Ten. All competitors have to be in possession of red and blue safety equipment. In the same time we inform you that organizer will provide (if necessary) certain number of Top Ten equipments.

We are looking forward to seeing you in Poprad – High Tatras.
