This are: **Senior male total maximum 225 kg**
 Senior female total maximum 200 kg
 Junior male total maximum 200 kg
 Junior female total maximum 185 kg

Procedure of competition:

Both teams come inside and bow to each other, every competitor ready with full equipment. Start bout, two lightest competitors came forward and start.

After 2 minutes there will be a signal and the 2 middle weights come inside and compete further. Points, warnings counts further from the previous bout. (by 3 minus-points for a competitor match will be over, and victory goes to the other team. Also get the winning team two (2) extra points from each referee.

After 4 minutes the 2 heavy weights come inside for the last bout.

The team with the most scoring points is the winner.

Each Team match duration is (6) minutes in total.

Each team member will be compete one (1) part of two (2) minutes.

In team matches all points from the three (3) parts shall be counted. However when all three (3) parts are finished and the result is a draw then each coach will select one (1) competitor to spar an extra part of one (1) minute. The team whose competitor wins this part will be the winner.

If at this time it results in a further draw then the first scored point assigned by at least two (2) referees at the same split second will decide who the winner is.

N.B.: All three (3) parts must taken place and be completed. If one of the competitors withdraws in the event of an injury or that gain an advantage the opponent will be declared as the winner. They will then be awarded nine (9) points by each referee to their total team score.
