### Studies on Faculty of Physical Education and Sport, Charles University, Prague (FTVS UK)

From the September of this year are Michal Zima (Stránčice), Vladimír Machota and Jakub Novotný (Říčany) enrolled in FTVS UK. We ask all prospective students to announce their intent to study till April 29 to the Technical Committee of ČNUT-ITF

### II. round of Czech National League 2004 - 2005

Since up till now no club has applied for hosting the II. round of ČNL, the board of ČNUT-ITF decided that other competitions will be used to gather points for the II. round of ČNL. Whenever a school will held a competition it may apply that it be certified as a round of ČNL. After this wording "X.round of Czech National League" will be appended to the name of the competition. (eg. Best of Best cup III. Round of Czech National League). II. round will again be held by School of Taekwon-Do Kwang Gae on February 26 2005. Once again we ask all the clubs to apply for hosting the next, eg. III.

round of the Czech National League. All applications are to be forwarded to the Sport Committee indirectly at [sekretar@taekwondo-unie.cz](mailto:sekretar@taekwondo-unie.cz) or at [v.stein@seznam.cz](mailto:v.stein@seznam.cz) or directly on the phone 606 55 11 39 at the Head of the Sport Committee, Mr. Viktor Stein.

### Competitions

- A regional competition has been held on January 13 in Taekwon-Do school in Brandýs nad Labem.
- On January 24 a regional competition of Taekwon-Do schools in Říčany and Kunice will be held.
- On April 9 an International Taekwon-Do competition called Best Of Best 2005 will be held. The similarity to the competition held in year 2000 is not a coincidence. The competition is again prepared by The School of Taekwon-Do Kwang Gae.

Please be so kind and inform the Sport Committee of ČNUT-ITF about all your club, open or any other competitions so that we can publish it on the web site and in calendar of ČNUT-ITF

## **Final words and comments: Reactions to the message in January Bulletin**

Thank you very much for your reactions and remarks. I have received a lot of emails with information on how you helped the victims of the disaster. Thank you for your support and please continue it until the affected areas are healed totally. In a short time an enquiry concerning this matter will be held on our website.

Only in a few emails had I seen a different viewing angle and this we must also respect. Yes, Taekwon-Do is an art of self-defence and not a charity. But how could possibly such a mass of people with the power to help just sit and watch ? Together we can help to at least few families. As long as we possess the power, we must do so. So once again I ask you to continue your support. If you have no contact than you may use the public service ADRA. Into the body of the SMS put the words „DMS ASIE“ and send it to 87777.

Thank you for all of us

Yours in Taekwon-Do  
Vladimír Machota
